Summary of Direct Charitable Activities

Direct Charitable Activities	Expenses
The Internet Archive is building an "internet library" with the purpose of offering permanent access for researchers, historians and scholars to historical collections that exist in digital format. In late 1999, the organization started to include more well-rounded collections. Now the Internet Archive includes texts, audio, moving images and software as well as archived pages in its collections. In this way, the Internet Archive is working to prevent the Internet, a new medium with historical significance, and other "born-digital" materials from disappearing into the past. Collaborating with other institutions, including the Library of Congress and the Smithsonian, the organization is working to preserve a record for generations to come.	\$ 11,512,231.
